

HOW TO LINK YOUR KHAN ACCOUNT TO A COLLEGE BOARD ACCOUNT

Use the link below for a video with instructions on how to link your accounts. By linking your accounts Khan will be able to provide you with problems in topics where you need extra practice, based on your performance on the PSAT or SAT. If you have taken neither of these, follow the Directions below, which includes guidance for setting up a College Board account.

DIRECTIONS

Log onto your Khan account, click on SAT, then Dashboard, then Sign in to CollegeBoard.com (here you will have the opportunity to create a College Board account), and follow the directions to link your accounts.
